

UNITED STATES DEPARTMENT OF EDUCATION

THE SECRETARY

Memorandum of Understanding

The purpose of this Memorandum is to clarify the relationship between the U.S. Department of Education (the Department) and the National Assessment Governing Board (the Board). Particular, but not sole, attention is directed toward specifying how the Board may, to the maximum extent permitted by law, exercise its functions, powers and duties independent of the Secretary and the other offices and officers of the Department.

The Department and the Board recognize that authority for the Board derives from the authorizing legislation for the National Assessment of Educational Progress (NAEP). It is further recognized that the NAEP legislation contains requirements intended to guide the relationship between the Department and the Board. See 20 U.S.C. Section 1221e-1(i). Among these requirements, the NAEP legislation provides that:

- o The Board shall formulate the policy guidelines for the National Assessment.
- o The Secretary shall report to the Board at regular intervals on the Department's action to implement the decisions of the Board.
- o Not to exceed 10 percent of the NAEP appropriation may be used for administrative expenses of the Board and to carry out its functions.
- o In the exercise of its functions, powers and duties, the Board shall hire its own staff and shall be independent of the Secretary and the other offices and officers of the Department of Education.
- o The Secretary may appoint, at the direction of the Board...not more than 6 technical employees to administer [20 U.S.C. Section 1221e-1(i)...under an excepted appointing authority].
- o The Secretary and the Board shall ensure at all times that the membership of the Board reflects regional, racial, gender and cultural balance and that it exercises its independent judgment, free from inappropriate influences and special interests.
- o As vacancies occur, new members of the Board shall be appointed by the Secretary from among at least three individuals who are nominated by the Board.

Page 2 - Memorandum of Understanding

- o For the purposes of its administrative functions, the Board shall have the authorities authorized by the Federal Advisory Committee Act and shall be subject to the open meeting provisions of that law.

In furtherance of these requirements, the Board and the Department mutually agree to be guided by the following principles:

- o That the Board will exercise its functions, powers and duties independent of the Secretary and the other offices and officers of the Department of Education to the extent permitted by applicable law.
- o That the Department will make every reasonable attempt to implement the policy-setting actions of the Board.
- o That in any instance where Board policy-setting actions are in conflict with other policies of the Department or the Administration, or when they cannot be accomplished, the Department and the Board will seek mutually satisfactory resolutions.
- o That the Board and the Department will act to keep free and open communications between them, assuring that responsible officers are fully informed on a timely basis.
- o That insofar as possible, within constraints of applicable Executive Branch procedures, the Department will facilitate communications between the Board and the Congress, the NAEP contractor, and the Executive Branch offices.

In furtherance of these principles, the Department and the Board agree to the following actions:

(1) Each fiscal year, the Secretary shall allot to the Board the Board's annual allocation, which will be available to the Board to perform its functions and duties, as determined by the Board. Such allotment shall generally be made on a quarterly basis. The Board shall comply with Departmental funds and personnel ceiling control procedures and requirements and provide such reports as the Secretary may reasonably require to account for the use and expenditure of such funds.

(2) The Secretary of Education shall, to the extent consistent with the Constitution, and applicable law and Executive Branch procedures, delegate to the National Assessment Governing Board, with provision for redelegation, the following authorities:

- (a) the authority to appoint excepted service personnel as

Page 3 - Memorandum of Understanding

provided under Section 406(i)(5)(C)(iii) of the General Education Provisions Act;

(b) the authority to obligate funds;

(c) the authority to sign notices for publication in the Federal Register and the Commerce Business Daily;

(d) the authority to accept gifts, bequests and devises of property, both real and personal, for the purpose of aiding or facilitating the work of NAGB, as provided under Section 421 of the Department of Education Organization Act, in accordance with Departmental procedures established in the June 4, 1991 memorandum to Executive Officers from the Director of the Budget Systems Division with respect to cash contributions and, with respect to noncash gifts, with the concurrence of the Office of the General Counsel;

(e) the authority to obtain the services of experts and consultants as provided under Section 402 of the Department of Education Organization Act;

(f) the authority to make, enter into, and perform contracts, leases, or other similar transactions as provided under Section 415 of the Department of Education Organization Act;

(g) the authority to review and approve for publication or public dissemination, articles, reports, brochures, speeches, books and other documents prepared by the Board and its staff.

(3) Except as provided in subparagraph (b), the Department shall provide administrative support services to the Board in accordance with applicable law, rules, regulations, policies and procedures. In providing administrative support services, the Department shall follow its own policies and procedures until the Board adopts alternative policies and procedures that are approved by the appropriate authorities.

(a) With respect to personnel matters, the Department shall provide advice and support services to the Board.

(b) With respect to contract matters, the Department shall provide advice to the Board, but the Board shall be responsible for the performance of contracting functions.
